Temecula, January 3 – John Z. Barnett, well known in and around Temecula, passed away at the French hospital in Los Angeles Thursday December 28th, at the age of 79 years and six months. He had only been ill for a short time and the end came sooner than had been anticipated by physicians.

The deceased was a native of Illinois and came to California in 1861, where he devoted most of his time to prospecting in the mountains, making Los Angeles his home when not traveling throughout the state. “Uncle Barney”, as he was lovingly called by his many friends, will always be remembered for his kind and benevolent spirit.

He was a member of the Masonic lodge of Elsinore for many years and the team from the Board of Masonic Relief of Los Angeles conducted the funeral services, the ceremony being very impressive.

He is survived by a brother, E. E. Barnett, of Temecula, and sister, Mrs. Huger, of Ventura.

Interment was made in the Masonic cemetery at Glendale.

Mr. and Mrs. E. Bemis and nephew, Fred, of San Bernardino, and Mrs. Helwich of Escondido, were guests of their mother, Mrs. John Welty, for the New Year holidays. Born, to Mr. and Mrs. Dean Dunlap, December 22nd, at the Riverside Community Hospital, a six and one half pound girl. The little miss has been given the name Phillis. G.A. Burnham and family motored to Riverside Monday.

Temecula, January 17 – A large number of young folks motored to Auld last Wednesday evening to charivari Joe Cantarini and bride. Old fashioned games were played until a late hour, when the bride served delicious light refreshments. Everyone went home wishing someone would get married real often.

Two gentlemen who were on their way to San Diego were seriously, if not fatally injured a few days ago when their machine hit the hole which has been in the middle of the highway at the north approach of the Temecula river bridge for quite awhile, and turned over several times, injuring both. Surely there is something the citizens and taxpayers of this community can do to have the highway repaired, as it has been dangerous since the heavy rains of last winter. Some places there are gullies three feet deep at the side of the highway, and if someone were to get off the road it would cause a bad wreck. In fact it seems as if we in the back country are forgotten when it comes to divide the highway appropriation. Let's wake up and see what we can do to prevent such occurrences.

One of the largest crowds ever attending a baseball game at Murrieta Springs witnessed the defeat of the fast Carlsbad team by the Temecula Indians last Sunday. Many good things could be said for the boys on both sides as it was a clean, hotly contested game, the only two runs made were in the first inning by Ramos and Richard Escallier for the Indians.

Thompson pitching and Smith catching for Carlsbad received excellent support from the other members of the team. Thompson holding the Indians scoreless for eight innings, fanning three of the Temecula boys.

Tano pitching for the Indians fanned six of the opposing team and lived up to his reputation of being always on deck with just what is needed at the critical time and was in very little danger at any stage of the game.

Temecula made five hits during the game, Richard Escallier two sharp 1 (a 3-bagger) Hoggie 1 and Banks 1.

Ramos on 1st Richard Escallier 2nd Sharp 3rd and Cheto on short tried to outdo each other in playing the game and honors were about even. Caboose in left field, Banks in Center, and Tom in right were on the job at all times and last but not least Hoggie, catching proved that he could “eat ‘em” coming down as well as over the plate. Making a fine catch of a foul after the ball had almost decided not to come down.

The next game will be played at Escondido Sunday, and it promises to be another real contest, as the boys in that section are far from scrubs when it comes to baseball and other sports. And on Sunday, May 6th, the Indians will tangle with the “Riverside Colored Giants” at Murrieta Springs and a good game is anticipated.

Temecula, August 15 – The Temecula Indians and the Riverside Colored Giants played ball on the Murrieta Hot Springs diamond Sunday afternoon. The first few innings they endeavored to out talk each other but after deciding to call it a draw settled down and tried to play regular baseball, resulting in a score of 10 to 8 in favor of the Indians. Tano pitched the entire game for the Indians, while the Giants tried to reverse the score by using three twirlers. As a rule the Giants and Indians play a very close, interesting game but for some unknown reason this teams got started on the wrong foot Sunday nevertheless all the "fans" received their money's worth in comedy and streaks of brilliant ball playing.

Reds 2 – Indian 1

Sunday, September 2nd found the "Temecula Indians" former champions of Riverside County League, in San Bernardino at the Santa Fe Athletic grounds for the special purpose of defeat the famous "Reds" or at least returning home with an alibi which would satisfy their many backers, and from all indications, it would seem that said alibi was accepted, without question. Not being acquainted with the "San Bernardino" baseball rules, or grounds, worked a hardship on the Indians, and besides life in the city is something they have not been accustomed to nevertheless they held the Mighty "Reds" scoreless up to the fourth inning, when one score was made against the "Red Men" being the signal for the War Whoop and the score was tied in the fifth. Inning after inning was played practically errorless on both sides until the last half of the fourteenth, when the necessary score to win was made by the "Red".

Although our Indians returned without the coveted trophy, we still are of the opinion that Temecula's ball team of nine men has a fair chance to win, when the winners of Sunday's battle journeys to Murrieta Springs for a return game.

Tano pitched the entire game, and to prove that there were no hard feelings, struck out the only three men up for San Bernardino in the thirteenth inning. Hoge behind the bat and in fact all the "Indians" behaved very nicely.

The "Reds" were forced to use two pitchers and "Ye" correspondent is not in position to say just how many other players.

Let's watch for the next game between these fighting teams, and go.

Temecula
October 26, 1923

Temecula, October 24 -The passing of Louis Escallier at his home here last Saturday was no great surprise to his family and many friends who had witnessed his suffering from an illness which had gradually grown worse for several weeks. So beautiful a character can only be likened to some wonderful flower blooming in a world of trials and tribulations only to be to us in its budding age to demonstrate to us mortals that the mysterious power of God is supreme and to teach us that age has nothing to do with the time when we are called to "That Home made ready for our coming in the Heavens."

Louis was born in Temecula, February 23, 1908 and passed on to the Great Beyond at 12 o'clock noon October 20, 1923 at the age of 15 years, 7 months and 27 days.

When we realize that one of our young friends are taken from us at this tender age the thought presents itself, "Why", but this only fingers for a moments it is not for us to judge "One" who knows best. We have had the pleasure of following this young man in his short career, as a baby, he was only a baby as other babies are, then his first school days came when he was to have the opportunity of grasping the larger problems of life so important in the development of our boys and girls, he was studious but also took great pleasure in sports enjoyed by his little friends, taking part in all contests with that gentle but firm spirit for which we all loved him. Upon completing his grammar school course at Temecula he attended Elsinore High School for one year and only had the pleasure of attending for a few days at the commencement of the present school year when that weakness assailed him which finally prevented him from acquiring the education, loving friendship and happiness he so richly deserved while traveling through this world. An injury received while playing a game of baseball, no doubt caused the illness which hastened his early departure and deprived the world of a beautiful character as a boy and later as a man, but the reflection of his goodness, justness, and squareness while with us will be a stimulant for all who knew him to endeavor to emulate so beautiful a soul. Louis is mourned by a mother, Mrs. Francis Escallier and two brothers, Ferdinand and Joe, of Temecula, and everyone who knew him. Funeral services were conducted from the Catholic Church in Temecula at 10 o'clock Monday morning. Rev. Father Raley of Elsinore, officiating, who in his sermon, dwelt upon Louis' past life as an example of true patriotism in giving so young a life for his fellow men. The music was in keeping with the beautiful flowers that so many friends had brought to in some way show their love and esteem but the moist eyes and sadness displayed by those present proved more than anything else what Louis was to us. The Elsinore High School baseball team and members of other athletic bodies of which Louis was a member acted as pall bearers, the high school faculty of which Mr. A.J. Barnes is principal, were present as well as the officers of the Student Body and many others from Elsinore.

All business houses in Temecula were closed during the funeral services and the high school in Elsinore and the grammar school of Temecula halted all studies for five minutes at 10 o'clock in respect to their beloved school mate.

Undertaker W.L. Everett of Elsinore was in charge of the service and interment was in the Temecula Cemetery.

Mrs. W. A. Kolb is quite ill at her ranch house west of town, her daughter, Mrs. Ernest Sweet, of Los Angeles is taking care of her.

Researcher's Note: Changes started happening in the newspaper layout during the fourth quarter of 1923. The byline, "By Mrs. V.B. Sands" disappeared. The gossip column section of the newspaper was broken apart. Temecula's column appeared in one section and Murrieta's in another. Wildomar's weekly column turned into a monthly column at best. These changes appear to have helped sell more advertising for the paper.

By mid-December the columns disappeared all together. On January 4, 1924, on the front page, the newspaper apologized to the Temecula and Murrieta communities for the lack of a column. Their reason was that the Christmas holiday flooded the paper with requests of holiday cheer. There simply wasn't any room left for the columns.

On January 4, the paper printed two column entries for both Temecula and Murrieta in hopes of falling under their good graces once again. However, in 1924, more changes were about to happen that would affect the Temecula Gossip Column.
